

## First Year Astronomy Coursework Timetable

This is an approximate timetable for the coursework component of the Semester 2 Astronomy modules. The dates of PHY104 progress tests have not been finalised and may shift slightly.

Starred items are to be handed in at the Departmental Office with appropriate cover sheet; other items are handed in at the appropriate lecture, lab or problems class.

If you miss a deadline for good reason, e.g. illness, you *must* provide **documentary evidence** of this to avoid penalties. **A self-certification form is not sufficient.**

Week	PHY106	PHY104	
		Problems Class	Lab
1	Lectures start Problems Classes start	Lectures start Problems Classes start	Lab starts <i>Errors homework handed out</i>
2	Directed Reading information provided	<i>Homework 1 handed out</i>	<b>Errors homework due Friday*</b>
