GU.06 MICE 24.1m²

GU.07 MICE OFFICE 13.3m²

Stairs

GS.001 STAIR 9.2m²

W

OF.

Advantages

- ISIS are happy if we could use this space, in that we do not have to move aircon plant or impede access to PPS already in the plant room
- Will be our own space (not sharing)
- Possibly better protected (distance / position) from magnetic field
- ~ half space of plant room with added bonus of extra space for MCR in addition
- ...

Disadvantages

- Odd shape
- Services may have to pass via South Shield Wall
- ...
